Dear Rokie:

I want to convey my personal thanks to you for your very generous contribution of the sable fox collars and matching ear muffs for the Welcome Baskets provided to each of the Canadian Premiers, Territorial Leaders, the Governor of Washington State and the Canadian Ambassador to the United States, our guests at the recent Council of the Federation meetings in Vancouver. Your products are absolutely gorgeous and I am so grateful for your participation.

Our objective with these baskets was to showcase the very best of what British Columbia has to offer, and certainly Snowflake Canada is representative of local excellence.

Thank you again and I wish you and your team ongoing success.

Sincerely,

Christy Clark
Premier
